

Owner

Full workspace control for Robbie, Lyubov, or a future business owner.

Full Access

Owners can see and manage every part of a business workspace. Use this role only for people who should have complete access to company operations, customer records, invoices, payments, reports, services, settings, and team access.

What This Role Can Access	Important Guardrails
• Dashboard, Queue, Schedule, Estimates, Invoices, Payments, Clients, Services, Reports, Activity, and Settings.	• Always confirm the workspace before entering sensitive data. • Do not give access to sensitive data to anyone who should see it.

Day

Dashboard for the correct workspace, Queue, Schedule, Estimates, Invoices, Payments, Clients, Services, Reports, Activity, and Settings; Creations or Just Kleen.	2. Review outstanding revenue, recent invoices, recent queue items, and any schedule attention cards.	3. Use the left navigation to move into the workspace that needs work.
---	---	--

Business manager Innovation	2. Create estimates from queue items when the job is ready to price.	3. Convert approved estimates into invoices when the work is ready to bill.	4. Use split billing for work that needs to be billed in multiple amounts.
--------------------------------	--	---	--

Just Kleen Work

Dashboard, Services, Estimates, and Invoices for Just Kleen customers.	2. Use the special spreadsheet-style print/export for 5 Star 5 or Bank of America style billing when needed.	3. Keep Just Kleen services and clients in the Just Kleen workspace.
--	--	--

Access

gs to add trusted staff, accountants, or
n users.

2. Give property managers access only to the
property they should see.

3. Use Member as a temporary low-acc
the correct role is decided.

Workspace reminder: Trimax supports more than one business. Always confirm you are working in the correct workspace before creating queue items, estimates, invoices, services, payments, or reports.
