

Admin

Trusted office operations access without needing to be the business owner.

Operations Access

Admins can operate almost the entire workspace. This role is for a trusted helper who can manage day-to-day queue, client, estimate, invoice, payment, service, report, activity, and settings work.

estimates, invoices, clients, and services.

- Record payments and use batch payment tools.

their correct workspaces.

- Use clear notes for scheduling changes, payment actions,

ng

2. Move into Queue for apartment turns or into Clients, Estimates, and Invoices for normal customer work.

3. Keep m

s are

2. Fill in move out date, ready date, scheduled date, paint type, flooring, priority, remediation, and renovation fields.

3. Review

estimate.

2. Use Payments when one check covers several invoices.

3. Print o
and line i

Workspace reminder: Trimax supports more than one business. Always confirm you are working in the correct workspace before creating queue items, estimates, invoices, services, payments, or reports.
