

Owner

Full workspace control for Robbie, Lyubov, or a future business owner.

Full Access

Owners can see and manage every part of a business workspace. Use this role only for people who should have complete access to company operations, customer records, invoices, payments, reports, services, settings, and team access.

- Invite workspace users and assign roles.

- Manage

the person should see all business information.

- Use the Activity Log as the memory trail for important work

en.
2. Review outstanding revenue, recent invoices, recent queue items, and any schedule attention cards.

3. Use th

ms when the job is ready to price.

3. Convert approved estimates into invoices when the work

2. Use the special spreadsheet-style print/export for 5 Star 5 or Bank of America style billing when needed.

3. Keep

2. Give property managers access only to the property they should see.

3. Use M

Workspace reminder: Trimax supports more than one business. Always confirm you are working in the correct workspace before creating queue items, estimates, invoices, services, payments, or reports.
